Classical Teacher Training

Our Classical Teacher Training will guide you towards becoming an intuitive, highly knowledgeable Pilates instructor with the full Pilates repertoire at your disposal. You will learn all movements for all levels on all Pilates apparatus – Matwork, Reformer, Cadillac, Chair, Ped-O-Pul, Barrels and all small equipment including the Foot Corrector and Magic Circle and others. Upon completion you will be issued with a Pilates Centre – Classical Teacher Training Diploma and will be eligible to be certified by the Pilates Method Alliance (PMA), the international awarding body for Pilates instructors worldwide.

Pilates Centre is committed to passing on the tradition of Classical Pilates by offering teacher training that honours the integrity of the method developed by Joseph Pilates. On the training programme you will attend workshops and complete an in studio apprenticeship, learning how to become a skilled and confident teacher of the Pilates repertoire, meaning this programme is so much more than merely learning the movements.

The journey towards becoming a really great Pilates teacher is challenging and demands commitment and dedication. Saying that, it is so fun and rewarding to delve so deeply into the method as it was passed down from Joseph Pilates. It is advised that you should be practicing to an intermediate standard in Classical Pilates Matwork and apparatus classes to join the programme. (Contact us for advice on this if needed.)
